

PRESS RELEASE  
31/12/2013

### **Local partnership helps support local residents**

*Local partnership between Hyndburn Homes and Community Solutions North West (CSNW) has proved to be a great service to local residents. This great local partnership has been a massive contribution to the area, bringing local needs to the forefront of the communities concerns.*

*Over the last 12 months, 81 Hyndburn Homes tenants have been referred for volunteering with CSNW, citing work experience and wanting to contribute back into their community as the most common reasons for wanting to get involved.*

*“The support I have received has helped me find my first paid job in years. I can’t describe how that makes me feel!” Scott Marsh, CSNW volunteer and Hyndburn Homes tenant.*

*Hyndburn Homes have helped to divert 2.8 tonnes of non-perishable food from landfill, by supporting almost 400 Community Solutions Food Bank parcels across the area.*

*They have also referred 66 of their most socially isolated tenants to the Community Solutions Befriending service.*

*“Working with Community Solutions has enabled us to address needs that we would not otherwise have been able to meet. The number of our tenant’s accessing services is encouraging. The statistics highlighting the extent of socially excluded and isolated people in our communities are shocking but this partnership is helping us to reach more and more of them. Community Solutions and Hyndburn Homes are, and will remain, committed to working together to make a difference for people in Hyndburn.” David Perry, Neighbourhood Manager of Hyndburn Homes*

*Hyndburn Homes have created real social value by partnering with CSNW to provide services that are needed in the area.*
